QUALITY ASSURANCE

On top of adhering to the highest standards and practices related to service, hygiene and safety, many members elect to go one step further and participate in our third-party verified Quality Assurance program - the only one of its kind in Canada. It verifies that they exceed expectations and apply best practices in every facet of their business.

“We are extremely proud to be recognized as a Quality Assurance Approved spa. I encourage every SIAC Member to work towards QAA designation so that your spa is the best it can be for your guests and your employees.”
